

 Dynacademy

AI-Powered Career Guidance

For South African Students

Your Complete Career Journey

From matric through to university, our AI-powered platform supports South African students at every critical decision point in their academic journey.

As a matric student, you receive personalized university recommendations and tailored guidance aligned with your academic goals, interests, and unique circumstances—helping you make confident, informed choices about your future.

Your Complete Career Journey

Our AI-powered assistant is designed to transform how students learn and prepare for their academic journey. Instead of a one-size-fits-all approach, it provides personalised guidance tailored to each student's goals, interests, and background. From study support to university and career pathways, the platform helps students make informed decisions at every stage. It also simplifies the learning process by generating notes, summaries, and study materials instantly, giving students the support they need to succeed while saving time and improving efficiency.

Your Complete Career Journey

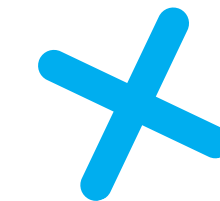

Our AI-powered assistant features an integrated wellness tracker that keeps an eye on student stress levels and offers AI-driven support for those who may be feeling overwhelmed.

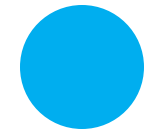

The platform includes a dedicated productivity section where students can keep track of all their assignments, tasks, and submission deadlines in one convenient location. This allows for a clear and organized overview of all upcoming due dates, enabling them to stay focused, manage their time efficiently, and ensure that no important deadlines are overlooked.

Platform Features

- | | | | | | |
|------------|-------------------------------|------------|-----------------|------------|---------------------|
| 01. | Subject APS calculations | 05. | Study Assistant | 09. | Notifications |

Your Journey

Matric Phase

Simply input your matric subject marks and let our AI calculate your APS score automatically. Based on your results, Dynacademy AI shows you every university programme, TVET college, and bursary you qualify for — no guesswork, just personalised matches driven by your marks.

Who We Help

Matric Students

guidance to help every student get on the right path. Get personalised recommendations based on your interests, strengths, and circumstances—ensuring that no matter your background, you have access to subject choices that unlock opportunities toward your future career.

AI-powered guidance for choosing the right university, or college. Get matched to opportunities that align with your strengths, interests, and career goals.

From CV building to motivational letters, we support your journey into meaningful employment with personalised job matching and skills development resources.

Our Mission

Empowering Students

We empower South African students with data-driven insights to make informed decisions about their future. From matric to career pathways, our AI analyses each student's unique strengths and interests to provide personalised guidance.

Bridging the Gap

We bridge the gap between education and employment in South Africa. Our platform provides students with relevant in demand job listing, productivity, and industry insights to ensure a smooth transition from the classroom to the workplace.

Start Your Journey Today

Join thousands of South African students already using AI to shape their futures. Whether you're choosing a university, exploring career paths, or preparing for your first job, our platform guides you every step of the way. Take control of your future with personalized insights powered by artificial intelligence.
